40 YEARS**

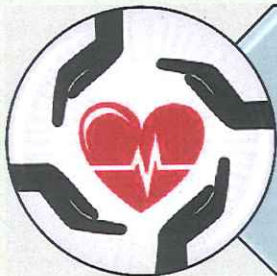

Who We Are

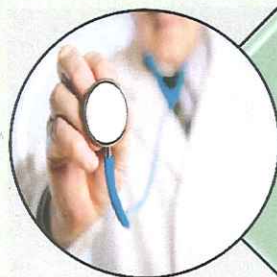

GREATER

Baden Medical Services

Taking care of our community

GBMS is a 501(c)(3) private, non-profit corporation that was founded in 1972 in order to provide primary care services to residents of rural Prince George's County.

Services and geographic coverage have expanded with time. The organization is governed by a volunteer Board of Directors, the majority of who are users of clinic services.

Through four decades, Greater Baden Medical Services' (GBMS) vision is to eliminate health disparities and improve the health of the community through the provision of quality, affordable health care services.

Our Services

GREATER

Baden Medical Services

Taking care of our community

Greater Baden Medical Services, Inc. provides a wide range of health services to best meet the health needs of the populations we serve. Comprised of an ethnically diverse staff, we provide the same services as a doctor's office, including mental health services and dental services

- Our services include:

- Physical examinations
- Healthy lifestyle education
- Disease prevention and treatment
- Well-child care
- Preconception healthcare
- Prenatal healthcare
- Case management
- Referrals to other medical specialists or clinics
- Diagnostic testing
- Laboratory services
- Immunizations
- Primary mental health
- Dental services are available at our Greater Baden site in Brandywine
