# Use of Fund Balance

## *Use of Reserves*

FY 2025 Estimated	\$45 million
FY 2026 Projected	\$10.426 million

The FY 2026 budget also includes the use of \$6.0 million of assigned fund balance from Public Safety & Behavioral Health surcharge revenue

which is being applied toward a self-contained breathing apparatus (SCBA) for the Fire Department

# Debt Service

**FY 2026 Proposed  
\$197.7 Million**

Increase in the Debt Service category to reflect principal and interest payments for current outstanding debt and anticipated costs related to the FY 2025 bond sale

**+\$13.386  
Million**

## Debt Service and Other Payments

The County is required to budget annually for the payment of principal and interest due on the amount of debt that it has incurred

along with the annual premium payments and lease payments described under "Other Obligations."

(Revenue Authority debt and certain other lease payments are shown under Other Non-Departmental.)

In general, the County is obligated for its first payment of interest six(6) months after debt is issued; the first payment of principal is due twelve(12) months after the debt is issued

**Prince George's County plans to issue new general obligation bonds totaling**

**Approx. \$269.1 million in  
FY 2026**

**The main factor behind the debt issuance continues to be:**

- The construction of public schools**
- followed by road repair and**
- roadway enhancements**

**The County's current bond rating is AAA by all major bond rating agencies**

## SELF-SUPPORTING DIRECT DEBT

are portions of the gross direct debt that are not dependent on County tax revenues

**Self-supporting outstanding debt, including debt that is repaid solely from the County's share of certain state-collected taxes and user charges**

**6/30/2024**

**\$923.9 Million**

### Recoveries

Portions of the debt and obligations related to mass transit are retired through dedicated tax levies

Starting from FY 2001, school surcharge revenues have been used to offset part of the cost of new school construction

Starting in FY 2007, part of the telecommunications tax revenues that are set aside each year in a separate capital project fund have been used to support school construction bonds

Self-Supporting Direct Debt (millions)	6/30/2022	6/30/2023	6/30/2024
<b>General Obligation Bonds:</b>			
Mass Transit Debt - Washington Suburban Transit Commission (WSTC)	\$ 2.8	\$ 2.0	\$ 1.3
Stormwater Management	357.5	358.8	401.7
County Solid Waste Management Bonds	73.4	76.6	81.4

<b>Total Self-Supporting Debt</b>	<b>\$ 915.2</b>	<b>\$ 882.4</b>	<b>\$ 923.9</b>

### Debt Service General Fund Sources

Highway User Revenue is allocated to support debt service for roads

### Debt Levels

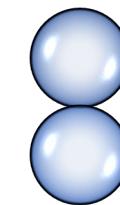

The County's Net Direct Debt has grown due to the rising needs for capital projects, in particular school construction

The County plans to keep its debt levels below its self-imposed (8%) and statutory limits

# Questions for Consideration

While the Office of Management and Budget (OMB) continues to adjust to stay in compliance with policies, current projections show that the County is on a trajectory to exceed the self-imposed debt service ratio limit of 8% between FY 2028 and FY 2030.

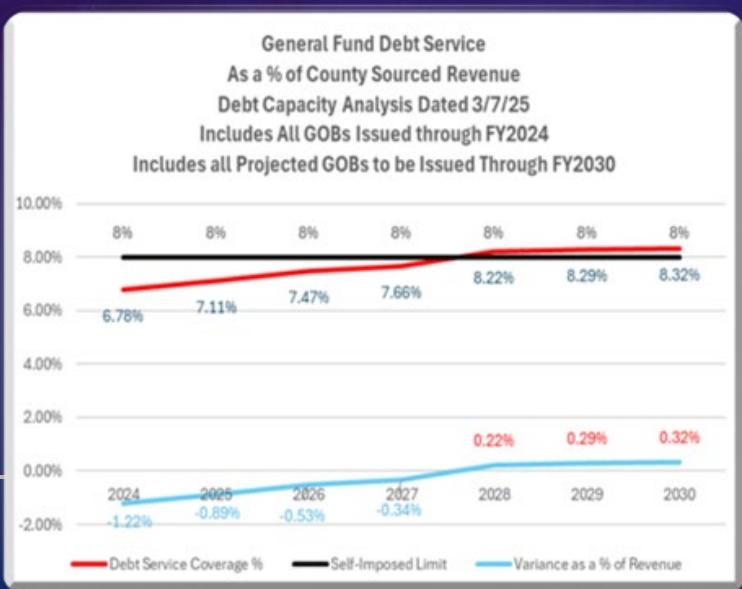

What changes will the County need to make to ensure that it continues to comply with its financial policies, including maintaining fund balance reserves at charter-mandated and self-imposed levels and keeping the debt service coverage ratio below 8%?

What effect will the County's use of Reserves have on its AAA Bond Rating?

- FY 2025 is estimated at \$45 million
- FY 2026 is proposed at \$10.426 million

**Maintain a General Fund Operating Reserve** - To ensure a reasonable degree of stability in its programs over the long term, the County must have the budgetary flexibility to deal with events that can create instability such as emergency situations, severe economic fluctuations, or State and federal policy changes

Through FY 2023, the County policy was to retain an operating reserve equal to at least 2% of the general fund budget in addition to the contingency reserve

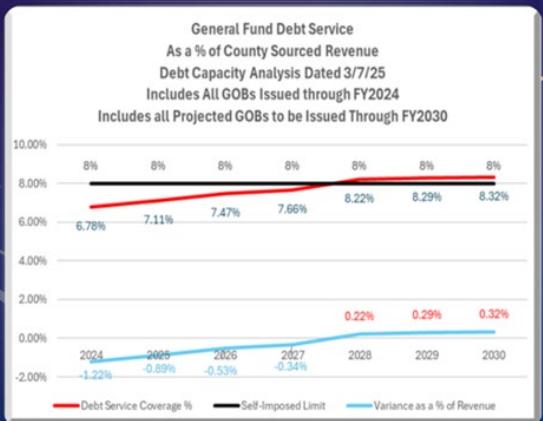

This percentage was increased to 3% in FY 2024, 4% in FY 2025 with the final increase to 5% in FY 2026

This reserve is a continuing and non-lapsing source of unappropriated funds that can be used to offset the impact of one-time budget emergencies if a plan exists to replenish the reserves

# Commentary OMB/Office of Finance

Various  
methods  
have been  
utilized in  
these  
management  
efforts

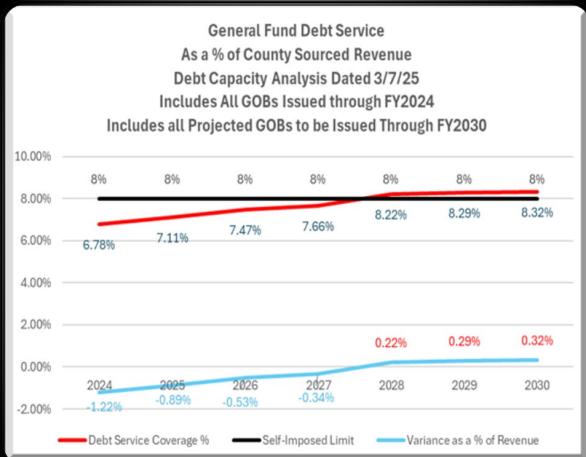

For many years, projections of the general fund debt service as a percentage of general fund County-sourced revenues have shown the 8.0% policy limitation being exceeded in the outer years

OMB and the Office of Finance (OOF) have been successfully working together over the years to manage the County's debt portfolio to stay within the policy limit

- **Forecasting the County's debt capacity**
- **Refinancing existing debt to lower debt service costs**
- **Setting annual bond funding targets as part of the budget formulation process**
- **Utilizing public safety and school surcharge revenues to reduce the need for bond funding**
- **Making strategic reductions and deferrals to the capital program**
- **Better utilizing existing resources**

# DEBT POLICY

Last year, the projections showed that the policy limit would be exceeded in FYs 2027 (8.21%), 2028 (8.70%), and 2029 (8.73%)

While forecasts based on the proposed budget still show the policy limit being exceeded in FY 2028 (8.22%)

Recent efforts have lowered the projected peak down to 8.32% in FY 2030

OMB and OOF will continue to prudently manage the County's debt portfolio

OMB & FINANCE will evaluate if/when it might be appropriate to consider a change to the policy limit

If it is determined in the future that the policy needs to be adjusted, it will be important:

- that it is adjusted prior to any exceedance of the current policy limit;
- that it is adjusted only once; and
- that the County then maintain long-term compliance with the new policy

Under those conditions, OMB/Finance would not expect any adverse ratings actions from the bond rating agencies related to this metric, given that the County maintain adequate reserves, provided this is a sustained long-term change and maintain adequate reserves
