RESOLUTION

This appeal is brought before the Board of Appeals, sitting as the Board of Zoning Appeals for the Maryland-Washington Regional District in Prince George's County, Maryland (the "Board"), requesting a variance from the strict application of the provisions of Subtitle 27 of the Prince George's County Code (the "Zoning Ordinance").

In this appeal, a proceeding pursuant to Section 27-229 of the Zoning Ordinance, Petitioner requests that the Board approve a variance from Section 27-120.01(c) of the Zoning Ordinance, which prescribes that no parking space, parking area, or parking structure other than a driveway no wider than its associated garage, carport, or other parking structure may be built in the front yard of a dwelling in the area between the front street line and the sides of the dwelling. Petitioner proposes to construct a driveway in the front yard. A waiver of the parking area location requirement is requested.

Evidence Presented

The following testimony and record evidence were considered by the Board:

1. The property was subdivided in 1919, contains 6,000 square feet, is zoned R-55 (One-Family Detached Residential) and is improved with a single-family dwelling and shed. Exhibits (Exhs.) 2, 3, 7, 8 and 9 (A) thru (F).
2. The shape of the lot is extremely long and narrow. Exhs. 2 and 3.
3. Petitioner would like to construct a 10' x 28' driveway, part of which would be in front of the dwelling. Exhs. 2 and 10.
4. Section 27-120.01(c) states that construction of driveways not leading to a carport or garage is not permitted in the front yard between the front street line and the sides of the dwelling. Since part of Petitioner's driveway will be in this area of the front yard, a waiver of the parking area location requirement was requested. Exhs. 2 and 4.
5. Petitioner Blanca Orellananleman testified that many neighbors in the community have driveways in their front yards. Exhs. 2, 4 and 5 (A) thru (F).
6. Petitioner stated the driveway will not merge with the sidewalk as there will be a 2.0 - 2.5-foot grass area between the sidewalk and driveway. In addition, she stated that there will be a 3-foot grass area between the house and the driveway. Exhs. 2 and 4.

Applicable Code Section and Authority

Section 27-230 of the Zoning Ordinance authorizes the Board to grant variances when, by reason of exceptional narrowness, shallowness, shape, topography, or other extraordinary situation or condition of specific parcels of property, the strict application of the Zoning Ordinance would result in peculiar and unusual practical difficulties or an exceptional or undue hardship upon the owner of the property, provided such relief can be granted without substantial impairment of the intent, purpose and integrity of the General Plan or Master Plan.

Findings of the Board

After hearing all the testimony and reviewing the evidence of record, the Board finds that the requested variance complies with the applicable standards set forth in Section 27-230, more specifically:

Due to the shape of the lot being long and narrow and the character of the neighborhood, granting the relief requested would not substantially impair the intent, purpose and integrity of the General Plan or Master Plan, and denying the request would result in a peculiar and unusual practical difficulty upon the owner of the property.

BE IT THEREFORE RESOLVED, unanimously, that a waiver of the parking area location requirement to construct a 10' x 28' driveway in the front yard on the property located at Lots 34 & 35, Block C, Whiteley Subdivision, being 5312 Buchanan Street, Hyattsville, Prince George's County, Maryland, be and is hereby APPROVED. Approval of the variance is contingent upon development in compliance with the approved site plan, Exhibit 2.
