Update On UM Laurel Regional Hospital Campus
Update On UM Capital Region Medical Center Largo Campus
to
Prince George’s County Board of Health
October 2, 2018

Trudy Hall, MD, Interim President & Vice President of Medical Affairs, UMLRH
Jeffrey Johnson, Sr. VP Strategic Planning & Business Development, UMCRH
Presentation Objectives

• Provide an update on select UM Capital Region Health activities in coming months including:
  o UM Laurel Regional Hospital Transition
  o UM Capital Region Medical Center Project
Our new regional health care delivery system will improve health of our population while improving care delivery effectiveness:

- **Improve access** for primary / community care, specialty care, and other health care services to the region to reduce health care disparities and improve health status.
- Help **strengthen / coordinate care continuum**-from primary / community care through post-acute care.
- **Ability to invest** in ambulatory-based clinics and other health education programs to manage chronic diseases.
- **Integrate University-based teaching and research** in a new approach to care for the region.
Update On UM Laurel Regional Hospital Campus
Regulatory Approval for New UM Laurel Medical Center

University of Maryland Laurel Regional Hospital Receives Regulatory Approval to Proceed with Plans to Transform Health Care Services for the Laurel/Beltsville Area

Posted on: 09/20/2018

Cheverly, MD (September 20, 2018) – Today, University of Maryland Laurel Regional Hospital received regulatory approval from the Maryland Health Care Commission to move forward with plans to transform and enhance the health care services offered in Laurel. The filing, called a Request for Certificate of Need Exemption, was submitted in April and laid out plans to transform the aging hospital into a new state-of-the-art health care destination offering services including but not limited to 24/7 emergency care, short-stay overnight care, outpatient surgery and enhanced outpatient behavioral health programs and services. The current building will house approved services until the construction of the new facility is complete.
The new facility represents a $50 million UMMS investment in the Laurel community in addition to anticipated private investment in the surrounding medical campus.

NICU or Case Management!

At UM Capital Region Health, our name isn’t the only thing that has changed. From new nurse leadership to the construction of a state-of-the-art facility, it’s the perfect time to give us another look.

Join us at our RN Meet and Greet to learn about career opportunities and hear from Ron Laxton, System Chief Nurse Executive and Senior VP of UM Capital Region Health, and Katie Boston Leary, Chief Nursing Officer at UM Prince George’s Hospital, about the future of nursing at UM Prince George’s Hospital.

RSVP today by contacting Dennis Smith, Sr. Nurse Recruiter at:

Dennis.Smith@dimensionshealth.org
Ph: 301-618-2268 • No Walk-ins, please.

Can’t make it? Submit your resume at:

www.umcapitalregion.org/jobs

Katie Boston Leary - As the Chief Nursing Officer at UM Prince George’s Hospital, I cannot help but be excited about expanding and positively disrupting the care delivery in our county! Building the future of health care in Prince George’s County starts now and it starts with you as part of our UM Capital Region Health family! Join us for a front row seat to learn about our present and our not so distant future!

Ron Laxton - It is my extreme pleasure to have you join us to learn about the exciting changes that are occurring within our health system. We are rebuilding and reinventing care and shifting towards a high quality, reputable health care organization. We would be honored to have you be a part of our evolution. Join us to hear about the exciting upcoming changes at UM Capital Region Health.
In the Community

To optimize community interaction and transparent communication, UM Laurel Regional Hospital (UM LRH) and UMMS deployed a robust community engagement team, involving perspectives from across multiple disciplines.

Outreach has been extended to:

- Faith-based groups
- Associations
- Schools
- Neighborhood groups
- Senior facilities
- Elected officials
- Others as recommended
