OPENING REMARKS/INTRODUCTION OF MEMBERS:

Chair Jacqueline Brown called the meeting to order at 5:09 p.m. The Commission reviewed and approved the minutes from the July 9th meeting. Commissioner Dudley informed everyone that she was not present for the July 9th meeting due to a previous commitment. The Chair welcomed everyone and staff gave an overview of the agenda.

DISCUSSION:

The Commission continued their previous discussion on the tax credit program. Commissioner Linda Allen answered the various questions and provided insight on the tax credit program. At which point Commissioner Iannucci raised three pertinent questions that should be considered when addressing tax credit policy. The questions were as follows: 1) what public or social policy are we trying to serve; 2) how does a property tax credit address that policy; and 3) how much of a credit, if any, is needed to address this policy and should there be an income component. Discussion ensued and it became clear that the Commission would not be in a position to make any recommendations.
